Brief Report of Certificate Course in Communicative English

Academic Year 2021-2022

Aim : 1. To Develop English reading, writing, speaking and listening skills
among students.

Objectives : 1. To build confidence and competence in students.

1. To prepare students for effective communication skills necessary for employability ad life.

Duration : 3 Months

No. of Beneficiaries : 60

Brief Report of the Course :

Certificate Course in Communicative English was introduced to enhance the communicative skills of students in the college to face the challenges of globalization and to increase the employability in industry and corporate sector. Students were given demonstration of interpersonal skills, emotional intelligence, intra-personal skills, language, leadership and negotiations, flexibility, adaptability and life skills necessary in day to day life of personal and professional spheres of one's life.

Students were exposed to these skills through practical implementation as well as using it in their daily life.

Tests and projects were conducted to map their progress during the course. Students were reluctant in the beginning but as they accepted the importance of these skills in their life, they enthusiastically participated in every activity and responded positively.

They were happy to undergo this training during the certificate course tenure.

Department of Marathi
Brief Report of Add on Course in 'Applied Marathi'
Academic Year: 2021-2022

Aim:

- To provide specialized training of standard Marathi.

Objectives:

- To acquaint students with norms of applied Marathi.
- To enable the students to know rules of grammar in applied Marathi.
- To acquaint students about the importance of applied Marathi in various fields.
- To maintain and sustain the standard vocabulary in Marathi.

Duration: 30 Days

No. of Beneficiaries: 30 Students

Expected Outcome:

Students would be able to read, write, use grammatically correct Marathi in oral as well written communication.

Brief Report of the Course

Though Marathi is mother tongue, many times students facing problems using it in written and oral communication. The rules of grammar are seen missing. The syllabi prepared at the affiliating university seems to be insufficient and unable to meet the requirement in practice. Therefore, this **add on course** has been designed to add value to the degree program.

Due to the advancement in information and communication technology, the practice of writing is vanishing day by day. Moreover, there is growth of various short forms of different words and negligence in the rules of grammar. It seems that the standard Marathi language is losing its importance. On this background the present course may definitely useful for the students in acquiring language skill.

This course has proved fruitful in the improvement of usage of Marathi language in oral and written communication so as to prepare students for competitive examinations, careers in mass communication and journalism and day to day communication.

Brief Report of Certificate Course in: 'Process of Field Survey in Social Science Research'

DEPARTMENT OF SOCIOLOGY

ACADEMIC YEAR -2021-22

Aim	1. To study of key foundation concept, definitions & actual field survey. 2. To study of how Process of Field Survey in Social Science Research and what is benefit of Students & Society		
Objectives	The research process impacts valuable learning objectives that have lasting influence as undergraduates prepare for professional service		
Duration	02 Months	No. of Beneficiaries	30
Expected Outcome	The course is to provide an opportunity for a fairly intensive study of the life, philosophy and methodology of Social Science Research.		

Brief Report of the Course

For Preparation of the Report

This Certificate Course programme is designed keeping in mind youth who would complete Pre-University level education. The programme prepares students to perceive, understand and appreciate the socially relevant ideals of Social Survey. In a sense it equips young minds to select and pursue a socially desirable and globally relevant field of study at the level of higher education. Basic aims & objectives are this course To study of key foundation concept, definitions & actual field survey. To study of how Process of Field Survey in Social Science Research and what is benefit of Students & Society.

This course duration is 2 months. The course start from the date of 04/04/2022 and end date of the course 24/05/2022. Total 30 students were admitted for this course in this academic year. Certificate will be issued after successful completion of the course with grade obtained in MCQ based examination.

This course covers the most important part of 'Process of Field Survey in Social Science Research' necessary for application in more advanced models. Principles & concepts discussed in this course can also be applied in actual social research & social survey. All the important discussed in this course, in these course students can & through all the material chapter by Social Research Methodology or simply complete selected chapters in which they feel & need additional support.

Interestingly, all the students admitted for this course passed the course with 'A' GRADES, so the department of Sociology was successful in its mission to start the course.

Brief Report of Certificate Course in Electronic Equipment Maintenance

Academic Year: 2021-22

Aim: To introduce the students with working mechanism of various electronic equipments useful in daily life and acquaint them with basic skills of repairing and maintenance of these equipments.

Objectives: To make the students familiar with the use of lab equipments, testing of electronic equipments and various repair and maintenance techniques.

Duration: 30 days

No. of Beneficiaries: 30

Expected Outcome: The students will be able to gain an understanding of working principles of various electronic equipments and can identify the faults to repair and maintain it. Also, they will be able to design, assemble basic circuits.

Brief Report of the Course

Electronic equipment maintenance is a 30days certificate level course in physics and electronics. The course duration was from 01 Feb 2022 to 07 Mar 2022. For this certificate course 30 students enrolled themselves and have taken the benefits of this course. This course is an introduction to i) basic scientific principles and working of electronic instruments ii) designing electrical circuits and iii) basic techniques of repair and maintenance. Students successfully completing this course will be able to identify various electronic components, can analyse basic electronic circuits and gain the understanding of the working of these equipments. The course will also explain students the calibration and testing of the equipments, soldering techniques and basic servicing skills. Students will also gain the brief insight of electrical & electronics materials, basic computer techniques and can get elementary workshop practice.

DEPARTMENT OF ZOOLOGY

**Brief Report of Certificate Course in Vermiculture and Vermicomposting
Academic year - 2021-22**

Aim:

- The interested students will get the knowledge of composting
- Students will get the employment
- Will help to maintain the environment pollution free
- Will get the knowledge of biodiversity of local earthworms.

Objectives:

- To understand techniques in vermicomposting.
- To increase employability on students.
- To improve the soil quality by promoting the biofertilizers

Duration	03 Months	Number of Beneficiaries	32
-----------------	------------------	--------------------------------	-----------

Outcomes:

- Understand the importance of vermicompost application to the soil.
- Understand and study the Scopes and Opportunities for vermicompost production.
- Study the Need for vermicomposting Organic Farming in India.

Brief Report of the Course

1. Department of Zoology conducted certificate courses on Vermiculture and Vermicomposting. Vermicomposting is an effective method for the management of household waste to useful products.
2. This course runs for 3 months from 25 Oct. 2021 to 28 Dec, 2021. 32 students enrolled on the course and benefited from the program. We conducted the exam in oral and MCQ pattern. Students qualified in both exams were eligible for certificate.
3. From this course our Undergraduate students got additional learning and Applied Knowledge, it helps students to establish vermicompost units in their homes.

Brief Report of Certificate Course in Computerized Accounting (Tally ERP 9.0)

2021-22

Aim		➤ This Course aims to Bridge the gap between theory and practical knowledge. Also aims to improve the skill of Commerce graduating students and get expertise in Computerized Accounting.	
Objectives		➤ To develop computerized accounting skills with Basic accounting in Tally ERP 9.0 ➤ To enhance Computerized Accounting's practical skills.	
Duration	03 Months/60 Lectures (Two Lecture Per Day Theory + Practical)	No. of Beneficiaries	30 Students per year
Expected Outcome		➤ Students will be able to maintain all accounting with Computerized Accounting-Tally ERP 9.0.	

Brief Report of the Course

For Preparation of the Report

This course was introduced in the Academic Year 2021-22. An Accounting is the foremost in any business activity. As graduating students in commerce faculty must have the practical knowledge of recording business transactions in manually as well as computerized. The use of computer has replaced all the manual recording of transitions in business firms. So as a commerce graduate student should have the knowledge of computerized accounting.

Hence, the college has decided to take initiative in this regard and start Certificate Course Computerized Accounting for the commerce students which will make students to acquaint the accounting with Tally EPR 9.0.

This course is initiated generally in the first terms and examination of the said course in the month of Feb to March. So, graduating students get their certificate course with completion of their degree. The syllabus is designed to cover all the aspects of

computerized accounting in 60 lectures (theory + practical). The lectures were conducted during the academic years and the examination were conducted after completion of the syllabus. Oral and written MCQ based Examination were conducted at the end of course and certificates were distributed with earned credits. After completion of the course students have expertise in the computerized accounting.
